EXAMPLE : SALES STORY 1

Khun C, aged 35 years old, is a mother of 2 children, with a warm family, and has an income from growing family-owned store.

What she has already prepared :

- ✔ Fortunately, the family already has a some health insurance.
- ✔ Financial planning has been partially done.

Concern :

- ✔ If she falls ill with a serious illness, Khun C must take time off from her business and from taking care of children to receive a treatment. This is challenging for her because her children are still young and very attached to her. In addition, her business is doing well. She is worried about losing income during her treatment.

Sum assured amount **3 million baht**

AIA CARE FOR CANCER

EVEN WITH AN ILLNESS,
WORRY LESS, SMILE MORE.

MEDICAL ADVANCES BRING EFFECTIVE DIAGNOSIS FOR "CANCER"

EARLY DETECTION AND PROMPT TREATMENT OFFER A HIGHER CHANCE OF RECOVERY.

However, the full course of cancer treatments from beginning to end

requires a significant amount of time, patience, and financial resources.

An important question is how those patients will cope with the costs of cancer treatment and loss of income during their treatment.

- The applicant is advised to study and make thorough understanding about the benefit illustrations before making decision to purchase the insurance. After receiving the policy, please study the details and the terms and conditions as specified in the policy contract.
- The applicant has the duty to provide true information in applying for insurance. Any concealment of truth or declaration of false statements may cause the insurance company to cancel the insurance contract or refuse to pay the claims under the insurance contract.
- Terms and conditions of coverage will be specified in the policy issued to the policyholder.

EXAMPLE : SALES STORY 2

Nhudee, aged 5 years old, is the daughter of a middle-class family. Her father and mother both work in private companies. Her parents have an online business as a side job.

What she has already prepared :

- ✔ Mother prioritizes family as her life goal.
- ✔ Has high financial planning readiness.

Concern :

- ✔ The family worries that family members may becomes ill with a serious illness in the future. They want to receive the best possible treatment that they can afford without affecting the family's financial.

---

1 Jan 2025

Effective date of a coverage. Aged 1 years old.

Sum assured amount **3 million baht**

Remark : * Renewal year

A rider is an insurance policy having a renewable one-year rider term.
The company reserves the right to adjust the premium rate in a policy year due to various factors such as age, occupational class, historical claim payments of the Company, etc.
For medical riders may has other factors such as the raise up medical inflation rate or historical claim payments which will be considered in separation of each portfolio according to the conditions as specified in the riders contract, subject to approval of the Registrar.

- The English version is unofficial translation of the original Thai version for reference only and has no legal binding as the protective control.
- It is the duty of the insurance applicant to make the insurance premium payment. Collection of insurance premiums by the insurance agent is only a facilitation service.
- Life insurance is not a cash deposit and is subject to the restrictions on policy surrender. Surrendering the policy before maturity may result in the insured receiving the returned proceeds less than the amount of premiums that have been paid.
